

THE DIGITAL WORKPLACE OF THE FUTURE

THU 18 OCT | 230PM — 500PM | CENTER OF DIGITAL EXCELLENCE, PLAZA IBM (BANDAR UTAMA)

Artificial Intelligence... Blockchain. The world as we know it is changing and so will the nature of business, of the office, of the workspace.

This session is designed for non-technical leaders to understand what they can do to prepare for the future and how they can be seen as key champions of innovation and disruption.

Join us and understand what you can do with technology to transform your operations, business processes and your workforce.

Brought to you by:

In partnership with:
